Accessories and Accessory Parts
on following pages

Owing to material shortages, limited demand, variations in parts, etc., we cannot supply old style accessories or parts thereof (prior to 1915 models). Wherever possible we recommend the use of a 1917-19 assembly. Small parts of old style accessories can usually be obtained through local accessory stores (*or local carriage makers in the case of top parts*).

We will not furnish small parts of assemblies not listed herein.
