There are Ford Dealers in All Other Principal Cities

Seventh Edition
November—1916

Instructions for Ordering Parts

Please read these over carefully to avoid mistakes

- 1—Order all parts through the nearest Ford Branch or Ford Dealer in your vicinity, as parts for the Ford Model T car are carried in stock by them.
- 2—Always specify **Model** and **give Car Number** of your car. Give **Number** and **Name** of each part ordered.
- 3—**Cash should accompany all orders.** If it is desired to have parts shipped C. O. D., a deposit sufficient to cover transportation charges both ways must be remitted with the order.
- 4—Mail orders and Parcel Post orders must be accompanied by an amount sufficient to **cover Postage.** Weights are shown opposite all principal items.
- 5—All prices are net f. o. b. Ford, Ont., or nearest Branch.
- 6—Specify whether shipments are to be forwarded by parcel post, express, freight, or with carload of machines.
- 7—Orders for parts should be written separately from correspondence pertaining to other matters, to insure prompt handling by the Service Department.
- 8—In ordering old style and obsolete parts it is always advisable to send us the old part as a sample. Be sure to show your name and address plainly on the package and mark the part "sample" so we will know at once what to do with it.
- 9—Claims for shortage must be made within ten days of receipt of shipment.

IMPORTANT

Never order parts in sets; always specify the exact quantity of each part required. For instance, "a set of piston rings" might mean three rings (for one piston) or twelve rings (for four pistons).

In ordering parts which are used on both sides of the car, such as fenders, front wheel cones, etc., and where any doubt exists as to whether parts for opposite sides of the car are alike, be sure to specify whether the parts ordered are for the right or left side of the car.

The right side of the car is the side on your right when seated in the car facing forward. (The valves, carburetor, etc. are located on the right side).

Parts marked "for Left Control Cars" can only be used on cars controlled from the left side; parts marked "for Right Control Cars," can only be used on cars controlled from the right side. All other parts are standard for both right and left control cars.

Illustrations show left control parts only.

Assemblies always include parts shown in illustrations.

Spark plugs and tires are not listed in this Price List, as such items can be obtained from the ordinary garage or supply house.

Abbreviations

The following list explains the abbreviations used in this Price List:

Parts		Specifications	
Diff....Differential	Rev.....Reverse	L.....Long	L.H....Left hand
D. S... Drive shaft	S. S.....Slow speed	Thds..Threads	C. to C. Center to Center
Con....Connecting (rod)	Assem....Assembly	Dia.... Diameter	Imp.... Imperial (gallons)
Cyl....Cylinder	Runb't....Runabout	O. D...Outside diameter	Hex....Hexagon
C. S....Crank shaft	Plat.....Platinum (point)	R. T...Right Thread	Sq.....Square
Com...Commutator	Run.....Running (board)	L. T...Left Thread	
Trans..Transmission		R. H...Right hand	

Telegraph Code

To save expense, to expedite ordering and for the convenience of those purchasing parts, we have arranged a code word for each part of the Ford Model T car. In addition to the Parts Code we list below a brief General Code covering miscellaneous instructions, questions and answers relative to the entering and shipping of parts orders.

In telegraphing an order for parts start with the code telling us how to ship, then use the word for the part wanted, stating the number required and then give the number of your car.

The following will illustrate how to send in an express order for Eight Push Rods No. 3058, and Three Transmission Band Springs No. 3425:

FORD MOTOR COMPANY OF CANADA, LIMITED, FORD, ONT.

Toperig eight Carat three Dispark for car No. C-2481.

Signed.....

Toperig—Ship to me (us) by express.

Toperkleur—Ship by express to——

Toperal—Ship to me (us) by Canadian Express.
